

Dear Esteemed Colleagues,

This year it is my honor and privilege to serve as the chairperson for the 2016 Central Florida Combined Federal Campaign. With your help, I hope we can make this year a record year for giving in Central Florida.

In 1957 President Eisenhower authorized charitable fundraising within the federal government. Since that time, federal employees have been very generous in giving to a wide-range of charities. In 2015, Federal employees from Central Florida gave more than \$177 million to charities throughout the region, state, country and the world.

The CFC theme for this year is “**Give a little. Help a lot.**” Every gift is important. Each of us has a cause close to us that needs our help. The CFC catalog (online at www.cf-cfc.org) contains tens of thousands of organizations to choose from. I urge you to look through this catalog and help your favorite organization through your contribution. As this year’s theme indicates, just a little can help a lot.

I am so proud to be a part of the Central Florida federal employee family. Let’s work together to make this year the best year ever. Thank you in advance for your participation in this campaign.

Sincerely,

A handwritten signature in black ink, appearing to read "Kathy Redman".
